Programme on "Life Skills"

Lectured by : Mr. Y. A. Pathak
Assistant Professor, Department of Physics, Karmaveer Bhaurao Patil
Mahavidyalaya, Pandharpur [Autonomous]
Date : 27/11/2021
Time : 02:00 pm to 03:00 pm
Venue : Department of Physics
Attending Students : B.Sc. III year Students

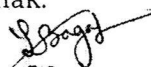

Topics Covered:

Self awareness, Empathy, Critical thinking, Creative thinking, Decision making, Problem solving, Communication skills, stress management, Humanity etc.

Synopsis :

The guest lecture program conducted on "Life skills" was held on 27/11/2021 at 2:00 pm for B.Sc. III students. The purpose of organizing this program is to impart the awareness about student's culture and motivate them through various life skills such as Self awareness, Empathy, Critical thinking, Creative thinking, Decision making, Problem solving, Communication skills, stress management, Humanity etc.

Mr. Y. A. Pathak has put various life skills in front of them by showing 3 idiats movie in the form of power point presentation. He highlighted How to live healthy and enthusiastic life?. The lecture was attended by total 16 participants (10 female and 3 male students, 3 faculty) from department of physics. From students Mr. M. M. Kamat asked various questions that are satisfiedly answered by Mr. Y. A. Pathak.

Department of Physics

Activity: Lecture on "Plastic Pollutions"

For B.Sc.-III Students.

2021-22

Report

Date: 24/10/2021.

Department of Physics organized a Lecture on "Plastic Pollution" on 23rd October 2021 from 2:00 PM onward by offline mode. Prof .Dr. Mrs. L. K. Bagal, Head, Department of Physics, was president for this lecture. Dr. S. G. Chavan delivered lecture on plastic pollution. The lecture was attended by 21 students and 05 Faculty members of Department. The session was very interactive and students participated actively.

The benefits of plastic are undeniable because, plastic material is cheap, lightweight and easy to make. These qualities have led to a boom in the production of plastic over the past century. This trend will continue as global plastic production shoot up over the next 15 years.

Plastic pollution is the growth of plastic objects and particles like plastic bottles, bags and microbeads in the Earth's environment that harmfully affects wildlife, wildlife habitat, and humans. Plastics that act as pollutants are classified by size into i) micro-, ii) meso / macro debris. Plastics are inexpensive and durable making them very adaptable for different uses; as a result humans produce a lot of plastic.

Guest Lecture

On

"Effect of Tobacco on Human Health"

Under the aegis of RUSA Component 8

Date: 08th December 2021

Report

Department of Chemistry organized guest lecture on "Effect of Tobacco on Human Health" for UG and PG students. The main objective of organizing this guest lecture was to create awareness among the student regarding ill effect of tobacco on health.

Welcome and introductory speech was given by Prof. R. N. Zambare, Head, Department of Chemistry. The resource person for this lecture was Prof. Dr. S. V. Patil, Former Dean of Science Faculty and Former Head, Department of Chemistry, KBPM, Pandharpur. He explained the negative effects of Tobacco on human health. Tobacco smoke contains more than 70 chemicals that cause cancer. Tobacco also contains nicotine, which is a highly addictive psychoactive drug. When tobacco is smoked, nicotine causes physical and psychological dependency. The World Health Organization (WHO) estimates that tobacco causes about 6 million of deaths each year. Further, he explained that smoking most commonly leads to diseases affecting the heart and lungs and will commonly affect areas such as hands or feet. First signs of smoking related health issues often show up a major risk factor for heart attacks, chronic obstructive pulmonary disease, emphysema, and cancer, particularly lung cancer and mouth, and pancreatic cancer. Total 62 students from UG and PG were present for this lecture.

Mr. R. J. Kavade, Dr. B. S. Londhe, Dr. J. B. Gujar, Mr. S. M. Bansode, and Mr. H. M. Galande have taken the initiatives for organizing this event. Dr. S. S. Karhale proposed the vote of thanks. The overall programme was coordinated by Mr. A. S. Kadam and Mr. S. R. Lamkane.

INVITATION

Dear Teachers and Students

It gives us an immense pleasure for invite you, to participate in the online workshop on "**Preparation of non conventional fish products**" on 26th December 2021 at 11.00 am.

THEME

There are ample opportunities in fisheries and aquaculture. Most of us are familiar with the conventional fish products and byproducts which are economically important to human being. Ornamental fishes and fisheries, Taxidermy, Preparation of fancy articles by using skin and scales of fishes, Preparation of fish value added products are the emerging field in fisheries and aquaculture. **Mr. Pulkesh Kadam**, (Curator, Taraporewala Aquarium, Mumbai) and **Mr. Nikhil Nagotkar** (Assistant Fisheries Development Officer, Taraporewala Aquarium, Mumbai) will impart knowledge and essential skills require in the emerging field.

RAYAT SHIKSHN SANSTHA SATARA

Rayat Shikshan Sanstha was established in 1919 by a great visionary Padmabhushan Late. Karmaveer Bhaurao Patil with a motto of Education through self help. It is one of the leading educational institution in Asia having in all 716 branches which include 42 Sr. Colleges, 438 Secondary School, 8 Training colleges, 42 Primary school, 31 Pre-primary school, 80 Hostels, 07 Administrative offices, 8 Ashram Schools, 2 Industrial Training institutes, 1 Rayat Institute of Research and Development (RIRD) & 57 Ancillary Branches.

ABOUT COLLEGE

Ours is the leading Autonomous college in Punyashlok Ahilyadevi Holkar Solapur University, Solapur. This is a RUSA Beneficiary college under component 8. College has a status of CPE and Mentor college under UGC PARAMARSH. College has a A+ grade with CGPA 3.51 by NAAC in third cycle re-accreditation.
