Department of Economics
Advanced and Slow Learners

Report-2020-21

The activity advanced and slow learners was conducted for the students of B.A.-II (Economics) in order to make them aware about their potentials and capacities. For selection of advanced and slow learners marks previous class are considered more than 60% marks students are enrolled as advanced learners and less than 60% marks students enrolled as slow learners

Slow learners are given online home assignment. These are duly checked by respective teachers and online seminar was conducted for advanced learners. It is observed that, there is large improvement in overall performance of the students. Also their class is improved.
